

FY2019

For students

# M2B has been upgraded!

## What's New

### New screen layout

### Left window pane can be folded

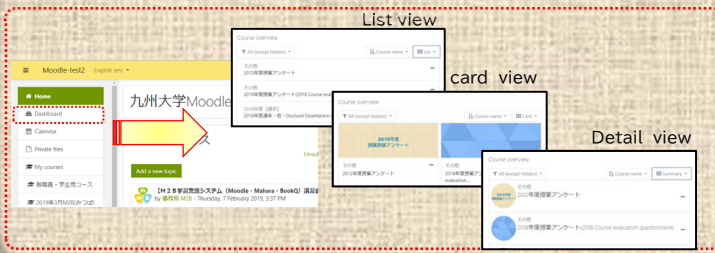

When you press the navigation button at the upper left corner, the left window pane is folded so you can widen the main window pane.

Default screen

The screen after pressing the button

### Access your courses from "Dashboard"

Improved security

Improved system use environments

e-textbook system

(Previously known as BookRoll)

**Do not unenroll yourself** from a Moodle course once your official course registration is finalized.

If you unenroll yourself from a Moodle course during the course (or even after the course) your submitted assignments, files, etc. will be erased, which would affect the grading of your course performance. (your files, etc. cannot be recovered after unenrollment.)

Kyushu University

M2B Learning Support System

<https://m2b.s.kyushu-u.ac.jp/>

Recommended browsers : Chrome, Firefox

※ Please note that certain functions may not work properly if Edge (Windows) or Safari (Mac) is used.

Some Moodle activities may not work on the mobile Moodle app

Notifications sent from this system will be delivered to your official university email address (students' official university email addresses are something like [foo@s.kyushu-u.ac.jp](mailto:foo@s.kyushu-u.ac.jp))
